OBJECTIVE

Motivated Artificial Intelligence undergraduate with hands-on project experience in AI-powered system development, seeking a summer internship to apply skills in machine learning, programming, and data analysis, and to contribute to impactful, real-world projects.

EDUCATION

Bachelor of Science in Artificial Intelligence

Shaheed Zulfikar Ali Bhutto Institute of Science and Technology (SZABIST), Karachi | Current Semester: 2nd | Expected Graduation: 2029

TECHNICAL SKILLS

- Programming: Python (Intermediate), HTML (Basic), C/C++ (Basic)
- AI & ML: Fundamentals of Machine Learning, Digital Logic Design, working knowledge of AI-assisted development tools
- Data Structures: Arrays, Stacks, Queues
- Tools: Microsoft Office (Word, Excel, PowerPoint), Google Workspace, Git/GitHub (Basic)

PROJECTS

RailNova – AI-Powered Railway Management System | Team Project

- Collaborated with a team of 5 to design and build an AI-powered railway management platform
- Implemented features including real-time train tracking, ticket booking, seat reservations, automated scheduling, and an admin dashboard
- Presented the project at ZAB-E-FEST 2026, SZABIST's annual tech showcase, and received a Certificate of Achievement

Python OOP Projects | Personal / Internship Practice

- Built four hands-on Python projects: Dice Rolling Game, To-Do List App, Number Guessing Game, and ATM Simulation
- Applied control flow, exception handling, randomization, and object-oriented design in practical scenarios

VOLUNTEER EXPERIENCE

Student Volunteer | Alkhidmat Foundation

- Serving humanity through community-focused initiatives, developing leadership, teamwork, and communication skills

Green Heart Volunteer (GHV-2030) | Green Heart Movement, Taskeen Health Initiative

- Selected for the May–July 2026 cycle to help raise mental health awareness and make mental health services more accessible across Pakistan

Volunteer, Karachi Team | Voice of Hope (VOH)

- Contribute to community-focused initiatives promoting empowerment and social well-being

Volunteer, Job Fair 4.0 | Pakistan Hindu Council

- Assisted in organizing and managing event activities, coordinating with participants and guiding attendees
- Supported event logistics, demonstrating teamwork and problem-solving in a fast-paced environment

OTHER ACTIVITIES

- Campus Ambassador, PTE Pakistan – guide students on PTE exam preparation and study-abroad pathways
- Participated in AI/ML workshops and webinars, including “Build with AI” (GDGoC DSU) and “Master in AI & Machine Learning” (UniAthena)

SOFT SKILLS

Analytical thinking, Problem solving, Fast learner & Adaptability, Teamwork and Communication

LANGUAGES

English, Urdu, Sindhi
